All meetings must be booked two to three years in advance. The Board of Directors instructs the Executive Office to begin the process for determining future sites for the National Conference. The meeting site is selected by the Board. It is preferable that meetings be held in September, avoiding holidays, national and religious, if possible.

The Chair must assist and maintain close contact with the Executive Office staff. A planning calendar with monthly and weekly deliverables will be supplied by the Executive Office to the Committee. The ultimate responsibility of meeting the deadlines of the committee is the Chair's responsibility.

The financial responsibilities before, during and after the meeting will primarily belong to the Executive Director, Meeting Manager and Education Program Coordinator with confirmations of expenses and revenues by the Chair. The President reviews and signs any contracts.

During Meeting (September)

- Maintain constant communication with Executive Office staff.
- Be prepared to introduce the President and facilitate the Welcome Session for the general membership.
- Ensure that all workshops are staffed with volunteers and that all needs of presenters are met.
- Personally thank all speakers and exhibitors.

Co-Chair of the National Conference

- Along with assisting the Chair of the National Conference with the duties for the current year meeting, the Co-Chair should begin the planning of the next year's meeting. This includes determining a logo, beginning the development of local contacts and starting publicity on this upcoming meeting.
