*The Changing World of Pain Management*

**March 23, 2022**

**Radisson Hotel and Conference Center  
200 S Bell School Road • Rockford, Illinois 61108**

**SAVE THE DATE!**

## ***Join us for our 2022 Education/Celebration Day with three dynamic speakers:***

- **E Thomas Carey, Pharm D** received his doctorate of Pharmacy degree from Creighton University. Since 2000 he has been the Director of Pharmacy Services at UW Health Northern Illinois Region in Rockford, Illinois and is an Adjunct Instructor of Pharmacy Practice at Midwestern University - Chicago College of Pharmacy and the University of Illinois College of Pharmacy and precepts students from multiple colleges of pharmacy. He lectures regionally and nationally on various topics including medical marijuana.
- **Laura C. Habighorst, BSN, RN, CAPA, CGRN**, is the Surgical Services Clinical Nurse Educator for North Kansas City Hospital. She is certified in Ambulatory PeriAnesthesia and Gastroenterology and has authored articles in two nursing core curricula on Procedural Sedation and the use of capnography. She lectures on several topics including pain management, gastroenterology and team dynamics.
- **Melanie Simpson, PhD, RN-BC, OCN, CHPN**, is the Pain Management Team Coordinator at The University of Kansas Health System and has worked in pain management for over 24 years. She is nationally certified in Pain Management, Oncology, and Hospice and Palliative Nursing. Dr. Simpson is a Past-President of the American Society for Pain Management Nursing (ASPMN).

### ***Come learn, celebrate and network with colleagues***

Exhibits ♦ Awards ♦ Lunch Served ♦ Approved for 6 Contact Hours

*This timely conference will focus on the changing world of pain management including pain management in the face of the opioid crisis, newer guidelines and standards for pain management and more. Learn about new monitoring standards including end tidal CO<sub>2</sub>, prevention of pain through enhanced recovery principles that can be used in all settings and the nursing responsibilities for the use of cannabis to relieve pain. Let's celebrate and put joy in the workplace!*
