PROVIDERS' CLINICAL SUPPORT SYSTEM  
For Opioid Therapies

## PCSS-O New Core Curriculum

PCSS-O clinical experts have created a comprehensive course on opioid prescribing for primary care providers in the essential evidence-based clinical practices in treating chronic pain—with or without medications.

[Go to PCSS-O.org/education-training](https://www.pcso.org/education-training)

### About the Course

This course, developed for primary care providers by pain and addiction specialists, helps guide the practitioner through a step-by-step approach to treating chronic pain and avoiding opioid use disorder. This course is free.

Participants will receive a certificate of completion following each completed module and a final certificate when all modules have been completed.

### Earn CME Credit

CME credit is available. Each module is designated for 1 *AMA PRA Category 1 Credit™*. Individual accreditation and designation statements can be found at the beginning of each module.

*Funding for this initiative was made possible (in part) by Providers' Clinical Support System for Opioid Therapies (grant no. 5H79T1025595) from SAMHSA. The views expressed in written conference materials or publications and by speakers and moderators do not necessarily reflect the official policies of the Department of Health and Human Services, nor does mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.*
