Communications Committee

Purpose of Committee

The Communications Committee has three subgroups, Advocacy, Media and Policy. As a whole the committee monitors legislative events and activities and keeps the Board and membership apprised of events of potential interest and impact to ASPMN® and pain management nurses; issues media press releases and serves as the main contact for media for the association. This full committee meets by conference call once or twice per year and subgroups meet via conference call on a basis determined on the needs of the association.
